## *From the LWVCO President*

Hope you are having a great summer. And catching your breath a bit before the important work of the League fall season begins!

Please mark your calendars and plan to attend **Making Democracy Work Day (League Day) on September 21<sup>st</sup> at the Colorado History Museum** in Denver. The agenda will be out soon. Leagues who need financial assistance may apply for a TRIP (Travel Reimbursement Incentive Program) grant from the state office. Please look on the LWVCO website for more information. We hope to see many of you there!

**HAIL AND FAREWELL** to the board members who have finished their terms: **Marlu Burkamp, Cath Perrone, Patty Schoedler, and Sue Vaughan!** Thank you all for your years of hard work and dedication to the mission of LWVCO. Marlu has continued to help us with communications and Cath will continue leading VOTE411. We haven't let them go far!

We're sad to say that **Beth Sale**, our Office Administrator for the past two years, has moved on to a new job and will be sorely missed! We thank her for her dedicated service to LWVCO and for being such a great first stop for members and the general public alike.

We welcome Jessie Koerner, part-time communication specialist, and Cameron Manning, full-time Operations Manager. Jessie started in mid-July and Cameron will be joining us in late August. Thank you for your patience during this transition.

Our new LWVCO website powered by Club Express launched on Monday, July 22<sup>nd</sup>. Please check it out and look for new resources! We look forward to the many important features, including membership management, emailing, document library, and events marketing, of this new LWVCO tool. As always, we appreciate your feedback and suggestions.

## Alert – Recalls

Recall petition drives are becoming somewhat more frequent in Colorado. Local Leagues faced with recall in their areas are concerned about what the role of the League should be in these drives.

In the past, reasons for recalls have generally been for malfeasance in office, misdemeanors, high crimes, etc., rather than political differences.

To begin with, the League of Women Voters does not have a position on recall petition drives or elections. Thus, the League cannot act either for or against a recall election effort. It can be argued that recall elections, in many cases, go against good government practices and seek to overturn the stated will of the people; this may be the case, but again, the League has no position on recall elections.

Recall of state officers is governed by the Colorado Constitution, Article XXI. The website of the Secretary of State ([www.sos.state.co.us](http://www.sos.state.co.us)) has a summary of the provisions—click on "Elections and voting," then "Recall elections." It is a petition process with the requirement as follows: "...[S]uch petition shall contain a general statement...of the ground or grounds on which such recall is sought, which statement is intended for the information of the registered electors, and the registered electors shall be the sole and exclusive judges of the legality, reasonableness and sufficiency of such ground or grounds assigned for such recall and said ground or grounds shall not

each ground or grounds assigned for each recall, and said ground or grounds shall not be open to review." The Colorado Constitution is silent about the causes for which a recall petition may be passed and charges voters with determining the fairness of the recall. To put it simply, the current recall process contains neither a validity review of the petition before signature gathering begins nor a requirement of abuse of office, misdeeds reflecting lack of character, or other actions (short of criminal activity) for the recall process to be initiated.

## *2020 Census – Federal Funding*

LWVCO is applying for a federal Census 2020 grant through the Department of Local Affairs, with funding to be distributed to participating Leagues throughout Colorado. ### **IF YOUR LEAGUE WANTS TO PARTICIPATE, LWVCO NEEDS TO KNOW:**

- What activities will your League take to increase participation in the Census amongst hard-to-reach communities? Provide details.

### Leader of Democracy 2019

Over a hundred attendees enjoyed a beautiful June evening at Denver's Wellshire Event Center as the League of Women Voters of Colorado honored Leaders of Democracy 2019: **Wayne Williams**, Colorado Secretary of State 2015-2019; **Fair Maps Colorado**, the coalition

Samantha North.

LWVCO sincerely thanks **Dottie Lamm**, past Leader of Democracy winner and former Colorado First Lady, who emceed the event. We also thank our very generous Leader of Democracy underwriters: **Hogan Lovells Law Firm**, **Bernie and Mary Beth Buescher**, **Ireland Stapleton Pryor and Pascoe Law Firm**, **S&D Law**, **Square State Strategy Group**, and **Cinnie Auer**, Leader of Democracy founder.

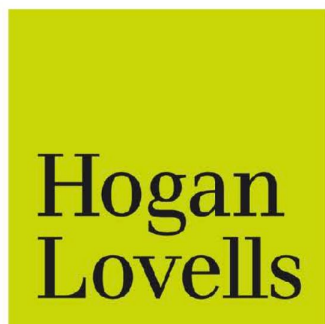

In accepting his award, Wayne Williams spoke eloquently about the need for cooperative, across-the-aisle work to continue to strengthen our democracy. He cited positive examples of bipartisan work from his time as Secretary of State.

## 100th Anniversary Plans from LWV Larimer County

The excitement and enthusiasm began early! In January 2019, acknowledging how fast time can fly and wanting to be ready to begin celebrating with a bang in January 2020, we started brainstorming and planning.

We began with the idea of **"Planting Seeds"** with other organizations to encourage them to "grow" their own planning and celebration of this great year for women.

We connected with **local and state organizations** - NOCO National Organization of Women, American Association of University Women, Women of the Year, Fort Collins for Progress, Fort Collins Community Action Network, Black African American Cultural Center (BAACC of CSU), Women's Study Program (CSU), Colorado Women's Centennial, 2020 Women and the Vote, MLK Loveland, and our League's Colorado "Get Your Sash On." We received great response from all. We offered to partner with interested groups and planning is underway for events from January 2020 through December 2020.

The more we looked, the more we noticed that many other organizations were planning celebrations, particularly of the 100-year anniversary of women securing the vote. It is also the 100<sup>th</sup> Anniversary of the founding of *The League of Women Voters* by suffragist leader Carrie Chapman Catt. Therefore, we began to think of our commitment as a two-fold emphasis to celebrating the 100 years.

The LWV/C is actively supporting Loveland sculptor Jane DeDecker's effort to get a statue

The LWVLC is actively supporting Loveland sculptor Jane DeDecker's effort to get a statue - **"Every Word We Utter"** - honoring suffragists, placed across from the U.S. Supreme Court in Washington DC in summer of 2020. Follow how to support this at [EveryWordWeUtter.com](https://EveryWordWeUtter.com). LWVLC has an ongoing informed **Citizens Book Club** that meets monthly in two different locations to discuss nonfiction books related to current social issues or upcoming ballot issues. For 2020, we are planning to devote the first six months to books about women and the second six months to potential ballot issues for the 2020 election. Books being considered for 2020 so far are *Code Girls*, *Hidden Fences*, *The Women's Hour*, *Democracy in Chains*, and several others are being reviewed. We are open to suggestions. We also plan to use the literary talents and extensive knowledge of local historian and author Barbara Fleming.

We are planning a **Chautauqua**-type event with local League members and supporters portraying suffragists (Carrie Chapman Catt, Alice Paul, Ida B Wells, Sojourner Truth) and educating our audience on the work of the suffragists and particularly that historic day in August 1920. We also take seriously the need to face some hard truths about the exclusion of the black communities during the road to ratification and the League's founding.

LWVLC has ten **Issue Teams** and an **Events Team** that have been tasked with choosing a month and planning a themed workshop/panel discussion/presentation on an issue relevant to women and the upcoming election. These meetings serve to educate and motivate the public. Topics will be determined closer to each event. Our Voter Services Team is discovering many promotional products that get us excited.

Our PR Team will organize a **Suffragists March** in the **CSU Homecoming Parade** in October 2020 where voting will be heavily emphasized – we will dress in white, wear banners, and carry election related placards and long-stemmed yellow roses (a nod to the Ratification supporters' theme). We will invite the students in the BAACC and the CSU Women's Sports Teams to march with us.

This is our outline, which will be filled in as the year gets closer. We are brainstorming ideas for our various teams to participate at their request. We are eager to see what other Leagues are doing and how we can support and stimulate making 2020 a remarkable year for women. National and State Leagues are providing supporting resources and a slogan of "Creating a More Perfect Democracy."

### **League on 100 years of successful advocacy and education.**

- We are proud of the past legislative session in Colorado – working in a bipartisan manner to the legislature passed several measures promote voting rights and education, including all-day kindergarten. A bill requiring equal pay for equal work was signed last week.
- There is now a female majority in the Colorado House of Representatives and the Governor has a cabinet with a majority of women. Having women helps to broaden representation and results in better policy.
- There are challenges to liberal democracy; it's more important than ever before that we have civic education and fair elections. We need to restore integrity and faith in our system and encourage the resolution of differences through engaging in civil debate and fair elections.
- **The financial position of the League is sound. Fundraising goals for 2019 have been achieved, and there are ambitious plans for expanding fundraising for 2020 to include corporate and foundation grants.**
- **100<sup>th</sup> Anniversary plans are in full swing, and Jean McGuire offered a table full of merchandise including shirts, caps, and pins.**
- **LWVCO approved the continuation of the Making Democracy Work advocacy and education agenda.**
- **Routine business was carried out with the usual mix of serious consideration and light-hearted comment including:**
  - Approval of the 2020 budget. LWVCO will draw a small portion of investments to fund programs and personnel for FY20. The strategy is to increase fundraising to cover these expenses in future budgets. The approved FY20 budget is available online [HERE](#). Note: during the budget discussion at Convention, someone asked why our insurance budget seems to be reduced for next year, and Executive Director Beth Hendrix was unable to explain this discrepancy on the spot. The answer is that our projected expenses for insurance for fiscal year 2019 were about \$1,000 over actual expenses, so our budgeted expense of \$2,500 for insurance is correct. (Still unclear? Don't hesitate to call Beth at 303-863-0437!)
